

**VanElli Management Team**

07/04/2006

Kristen and Candice, we at The Body Shoppe would like to thank you and your Brilliant team for all that you have done for us. The golf day was absolutely brilliant; we have had the greatest feedback ever! Your girls really put my company on the map. The meet and greet at the start was executed so well, drinks on the holes was great; your team really got the golfers in good spirits. The prize giving presented by you was of top class. You have a beautiful team and all my clients were really chuffed.

I can confirm that VanElli is a really great company; all of our dealings together have been superb. You have been professional, efficient and so reliable (even on short notice). Any company that does not use you for all their promotions and events, are going to be at a great loss. VanElli has been an extension of my company in so many ways in our past functions, And has created more revenue for me on every function.

I strongly recommend the VanElli team, and look forward to our next function!  
Thank you and your team once more

Kind regards

RYAN FREEMAN  
Director
